DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 4, 5, and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Pratt et al (US Patent 2,888,675).

Pratt et al disclose, in figure 1, a radar reflective device comprising a radar permeable inflatable shell 2, a plurality of flexible radar reflective panels (5,6,7) disposed within the shell and dividing the shell into a plurality of radar reflective cavities, and each of the panels cemented continuously about its periphery to the inner surface of the shell. The patent to Pratt et al also teaches that the device relates to a unitary device adapted to permit of radar indication the location of personnel or equipment afloat at sea, see column 1, lines 15-21.

Allowable Subject Matter

3. Claim 12 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 6-10 allowed.

Conclusion

5. Applicant's arguments filed on 7/01/2004 have been fully considered but they are not persuasive because the preamble "the radar reflective personal flotation life vest" in claim 4 and "The radar reflective life raft" in claim 5 are not patentable weight.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tan Ho whose telephone number is (571) 272-1822. The examiner can normally be reached on M-F (8:00AM - 5:00PM).
